## **HAZARDOUS WASTE VEHICLE REGISTRATION INSTRUCTIONS**

In accordance with N.J.A.C. 7:26G-7.2 et seq., the New Jersey Department of Environmental Protection is responsible for issuing waste registration decals.

Each registrant (transporter) is assigned a unique five-digit New Jersey Department of Environmental Protection (NJDEP) registration number.

All vehicles used in the collection or transportation of hazardous waste must carry the current NJDEP registration certification (cab card) in the waste vehicle.

Each piece of registered equipment will be issued one (1) decal.

N.J.A.C. 7:26G-7.2 requires that all registrants **display in letters and numbers at least three inches in height the name of the company, NJDEP number,**. This information must be **permanently displayed by the registrant on the driver's side of each registered waste vehicle and container in contrasting colors** so as to be visible to the operator of the waste facility. You must permanently affix the Hazardous Waste decal prior to use on roadway, or highway, AND prior to the hazardous waste vehicle being placed into service or before receiving waste. All expired decals must be removed.

### **HOW TO DISPLAY HAZARDOUS NJDEP NUMBER AND DECAL**

Using letters and numbers at least **3 inches in height**, paint or affix the letters "**NJDEP**", your unique **NJDEP number**, and your registered company name (official company name that was registered with the State of New Jersey, Division of Commercial Recordings). Then **PERMANENTLY affix the decal** below to a clean surface. This information must be displayed on the **DRIVER SIDE** of the vehicle in the area indicated by the arrows **below** so that it will be visible to the operator of the waste facility.

WHITE DECALS WITH THE STATE OF NEW JERSEY SHAPE IN PINK LABELED "A-901 LICENSED" ARE SPECIFICALLY FOR A-901 APPROVED WASTE HAULERS AND SHOULD BE PLACED ON COMMERCIAL HAZARDOUS ALL TYPES OF WASTE VEHICLES OR CONTAINERS.

WHITE DECALS WITH THE STATE OF NEW JERSEY SHAPE IN PINK AND GRAY DIAGONAL STRIPES LABELED "SELF-GENERATOR" ARE SPECIFICALLY FOR A-901 EXEMPT WASTE HAULERS AND SHOULD BE PLACED ON HAZARDOUS ALL TYPES OF WASTE VEHICLES OR CONTAINERS.
